# Foreword

The staff of the 1949 M Book takes pleasure in welcoming you to the University of Maryland. You are now part of a university which ranks near the top of those in the United States in many of its departments. Both the newspaper and the year book have been rated All-American. In the field of sports Maryland is rapidly rising to the top. Its new stadium, to be completed this year, will seat 32,000. Expansion includes additions to the faculty and has brought a curriculum of Nursery School Education, a Department of Philosophy and a School of Journalism. Maryland also boasts one of the few aeronautical engineering colleges.

To you, the Class of 1953, the University of Maryland extends a cordial hand. Contribute your enthusiasm and energy to the University and accept in return its bounty of scholastic, social and practical education.

*Library, one of busiest spots on campus, combines fraternizing with search for knowledge* ▶

# General Information

## AUDITORIUMS

Agriculture—The Ag Auditorium is located on the ground floor of the Ag Building, in the rear of the building. S.G.A. meetings are held here.

Central—Central Auditorium is located in the basement of the Education Building. The university's dramatic productions are held in this room.

New Armory Lounge—Upstairs in the New Gym-Armory is the Student Lounge. Equipped with two large rooms, comfortable furniture and a piano, it is the scene of many campus meetings.

## BOOKS and SUPPLIES

Text books, school supplies and class materials as well as jewelry, stationery and novelty items are available at the Student Supply store, located in the basement of the Administration Building. The Maryland Book Exchange, opposite the South Gate, also handles books and supplies, both new and used. The Alpha Phi Omega Book Co-op, located in the Rossborough Inn, will open September 19 and close September 28. It is operated on a non-profit basis.

## CAMPUS DRESS

Informality is the rule for classes and daytime dress, cleanliness and neatness being the earmarks of good taste. Formals, jeans, swim suits and athletic clothes are worn only upon appropriate occasions.

## CLASS ATTENDANCE

Attendance at all class meetings is compulsory; absences are considered unexcused unless an accepted excuse has been received from the Dean of the College. Classes are 50 minutes long, beginning on the hour. Students are required to wait 20 minutes for Deans, 15 minutes for Doctors and 10 minutes for all instructors, before dismissing themselves.

## CLEAN-UP CAMPAIGN

"The Cleanest Campus in the Country" is the new motto of the Maryland campus. Do your bit for the school by disposing of trash in the metal containers placed about the campus for your convenience.

## CUTS

According to university regulations, excessive absence from any course is penalized by failure in that course. Students who are guilty of persistent absence from any course will be reported to the President or to his appointed representative for final disciplinary action.

## DROPPING COURSES

A student desiring to drop a course should do so on or before the designated date (generally six to eight weeks after the beginning of school; the date will be announced in the Diamondback); he will receive an F in the course if it is dropped after this date. Students must obtain permission from the Dean prior to dropping any course.

## EATING

In addition to the Dining Hall, students will find meals on campus in the Cafeteria, located on the ground floor of the Dining Hall, and light meals and snacks in the Rec Hall. Coke, cracker and candy machines are situated in the Ad Building Basement and in the Rec Hall and dorms. In College Park there are several places to eat, of diverse caliber and price range.

## EXAMS

As a general rule, the student takes three one-hour exams and a two-hour final in each course. Make-up exams may be taken only with permission of the instructor, after the payment of a $1.00 fee.

## INFIRMARY

All undergraduates may receive dispensary service and medical advice at the Infirmary, open six

days a week from 8 a. m. till 4:30 p. m. and on Sunday from 10 a. m. till noon. A nurse is on duty twenty-four hours a day, and in emergencies students may call at any time. Doctor's hours are: Monday through Friday from 8 a. m. till 1. p. m.; Saturdays from 9 a. m. till noon; and Sundays and holidays from 10 a. m. till noon.

## LAUNDRY

Each student is responsible for his or her own laundry. There are several reliable laundry and dry cleaning establishments in College Park; or, if a student prefers, he may send his laundry home. If they wish, women students may do their own laundry, with the exception of bed linen, in the laundry rooms of the dormitories.

## LIBRARY

The Library and Library Annex are open from 7:30 a. m. to 10 p. m., Monday through Friday; 7:30 a. m. to 5 p. m., Saturday: and 3 to 5 p. m., Sunday. Students desiring to withdraw books from the Reserve Room may do so at 8 p. m. on weekday evenings, returning the book at 8 a. m. the next morning, or at 1 p. m. Saturday, returning the book at 8 a. m. Monday morning. Books may be checked out at the Loan Desk on the second floor of the main building at any time. These books are returnable any time during the two-week period following withdrawal of the book. Overdue books are subject to a fine of five cents per day.

## LIVING ACCOMMODATIONS

Director of student housing, Doyle Royal, in the Dean of Men's office, has information about off-campus rooms for both single and married students.

## MAIL

Located in the basement of the Administration Building, the Campus Post Office receives, dispatches and delivers U. S. Mail, including parcel post packages. Postage stamps may be purchased, but no facilities are available for sending or receiving postal money orders. The Post Office provides a medium through which the administration and campus organizations may communicate with students; therefore, students should check their boxes daily, if possible.

## PUBLICATIONS DISTRIBUTION

The *Diamondback*, student newspaper, is available at stands in the Administration Building, the Arts and Science Building, the Engineering Building, the Library Lobby and the Rec Building on the days of publications, Tuesday and Friday, after 9 a. m. The *Old Line*, Maryland's humor magazine, is delivered to dormitories, fraternity and sorority houses and is available in the Ad Building basement and the Rec Building on the day of publication. Distribution of the yearbook, the *Terrapin*, will be announced at the time of publication. All three publications are free to students upon payment of the activities fee at registration.

## RALLY COMMITTEE

Student Al Shulder heads the Rally Committee which organizes and stages the giant Pep Rallies

that are an important part of the university sports program. Freshmen are urged to lend support to the various teams by attendance at these rallies.

## RECREATION BUILDING

A lunch counter, tables, facilities for pool and card playing, and publications are provided in the Rec Building, located next to the Women's Field House. There is also a lounge in which students may read or study in quiet. A record player and record library were added to the facilities of the Rec Hall this past summer and are available in the meeting room. Serving both daydodgers and resident students, the Rec Building is open from 8 a. m. to 8 p. m., Monday through Saturday.

## SCHOLASTIC REQUIREMENTS

A student must receive a passing grade in at least one-half of the credit hours for which he or she is registered. An average of C or better is required for eligibility for any major position on publications and also for any class office.

## TELEGRAM and TELEPHONE SERVICE

Telegrams are delivered or telephoned to the residences of students and, therefore, it is necessary that a complete address be given on all incoming telegrams. Outgoing telegrams may be sent at any pay station phone.

Pay station telephones are available in the dormitories, Administration Building, Library, Recreation Building and Dairy Building. The Student Directory includes campus or local phone numbers of all students, as well as Administration extensions.

## TICKET DISTRIBUTION

Students may procure tickets to student functions by showing their student activity books at the designated distribution center. Tickets for athletics may be had at the ticket window in the Coliseum, those for dramatic productions at the booth in the Education Building basement.

## TRAFFIC

Campus traffic is governed by the regulations set forth by the Campus Police Force, assisted in enforcement of these rules by members of the State Police Force. Cars on campus are restricted to designated parking areas, and students will be penalized if found abusing or violating these privileges. The parking lot spaces are allotted during registration.

Lost and Found articles should be turned in to the Campus Police Headquarters, located at the station house at the North Gate entrance to the campus. Students who have lost articles should report here to recover them.

## TRANSPORTATION

Greyhound and Trailways Buses leave on convenient schedules to Washington and Baltimore, where other connections can be made by train or plane. Local bus and street car lines give rapid transportation to Hyattsville, Greenbelt, Branchville, Mount Rainier, Silver Spring, Cheverly and Takoma Park. These schedules may be procured by phoning the Capitol Transit Company.

# History and Traditions

From bronze Testudo keeping guard in front of the Coliseum to the chimes in the tower of the Engineering Building, Maryland's campus stands as a tribute to higher education. As one of the oldest universities in the United States, it is steeped in spirit and tradition. The Tunnel, the Wishing Well, the historic Rossborough Inn, all are part of that tradition. They will be a part of your college career. The friendly Hello Habit which has always been a Maryland custom will quickly orient you. The pep rallies, convocations and games will heighten your growing school spirit. You will pass on the history and tradition of Maryland to those future generations who will inhabit the campus.

*"The Pause that Refreshes" is habitual as students travel alluring tunnel route up campus*

# History

The University of Maryland dates back to 1807, when the first school of the University, the College of Medicine, was founded in Baltimore. In the more than 140 years since its founding, the University has expanded, both physically and in its standards of education, until it now occupies a position as one of the leading universities in the country.

After the College of Medicine was founded, there followed within a few years the establishment of several other professional schools to mark the first expansion of the University. The School of Law was added in 1823, the School of Dentistry in 1882, the School of Nursing in 1889, and in 1904, the Maryland College of Pharmacy completed the Baltimore additions.

At College Park, in 1856, Maryland State College, the first agricultural college in the United States and the second in the western hemisphere, was established under the name of the Maryland Agricultural College. The college was financed by the sale of stock at $25 a share.

In 1862, this college became, in part, a state institution with the passage of the Land Grant Act by Congress. It was one of the first schools to benefit from this act and subsequent federal aids to education.

In 1920, the professional schools of the University in Baltimore, and the Maryland State College in College Park were merged to form what is now known as the University of Maryland.

# University Seal

Maryland's Great Seal, the oldest of the state seals, was sent to the province of Maryland in 1848 by Lord Baltimore. More than 300 years old, the seal is the only state seal of strictly heraldic character, for the other state seals bear emblems representing agriculture, commerce, or some related subject.

The escutcheon bears the Calvert and Crossland arms quartered. The first and fourth quarters are the Calvert Arms. The second and third quarters are from the Crossland, Baltimore's maternal arms. An earl's coronet and full-faced helmet are surmounted on the quarterings. These indicate Lord Baltimore's rank in America. The Calvert crest rests on the helmet. The escutcheon is supported on one side by the figure of a farmer, and on the other by that of a fisherman—symbols of each of Lord Baltimore's estates, Maryland and Avalon. Below the figures is the scroll bearing the Calvert motto: "Fatti Maschii Parole Femine," which means "Deeds are males; words, females." On a border encircling the seal is the legend: University of Maryland ....1807.....1856.....1920.

# Traditions

Maryland, like all colleges, has traditions that freshmen learn to love, and that others remember long after college days are over.

When you walk across the campus you will notice the "Hello Habit"—a friendly custom of speaking to the students you meet.

As soon as school starts, the football season begins; many traditions surround the Old Liner's love of sports and celebrations. Pep rallies before the game encourage school spirit; Testudo, the huge bronze mascot for the University who rests on his pedestal in front of the Coliseum, is found missing early in the season, is traced from school to school, and invariably returns just before a big game.

Homecoming highlights the fall season, when old grads return for the game, a queen is crowned, fraternity and sorority houses are resplendent with decorations, all the women wear chrysanthemums and everyone attends the Homecoming Dance. The annual Freshmen-Sophomore tug-of-war over Paint Branch Creek precedes the game.

The Rossborough Club presents its four formal dances during the year, featuring big-name bands from all over the country.

Incidentally, all freshmen are reminded that a penny in the wishing well at the Rossborough Inn is guaranteed to make one's fondest dreams come true!

The Autumn Carnival, with a musical revue, a queen and a dance, takes place later in the fall. Throughout the year, All-Maryland dances, which are given free for the student body, are held. At Christmas time a pageant is held, following the lighting of a Christmas tree. During the week preceeding Christmas vacation, carols sound out on the campus between classes. These carols are sounded from the tower of Morrill Hall.

When spring comes, one of the important events is the Interfraternity Sing, followed by May Day, one of the most colorful spectacles at the University. The May Queen's Crowning, the tapping of outstanding junior women by Mortar Board, and a Pageant presented to entertain the Queen are among the occurences.

At this time, too, one of Maryland's keenest rivals Johns Hopkins, is encountered in the annual Lacrosse game between the two schools. This event is one of the more rousing events of the athletic year. Campaigning and electioneering for student government and class offices make very lively campus elections each spring.

The year is not complete without a visit to the Tunnel. Tradition has it that a couple must kiss on their first trip through this secluded spot.

Just before graduation the annual Honors and Awards Assembly is held, in which recognition of scholarship, sports, R.O.T.C., and other phases of University life is given.

With graduation exercises, the seniors leave the University life behind them but keep its memories in their hearts.

# Administration

The Administration, headed by President of the University Dr. H. C. Byrd, is composed of college deans, department heads, and personnel of the University. The general policies of the University of Maryland are the direct concern of this body. The official spokesman of the University, the Administration, more than any other single organization, represents the college to the public. These people will guide your college for the next four years. Avail yourself of the opportunity to go in and meet them and talk to them.

The Administration Building houses the offices of the President, Dean of Men, registrar and other offices of vital University concern and serves as a center of between-classes activity.

*There never is a dull moment around Administration Building, nerve center of campus life*

To The Freshmen Students:

First, let me, as President of the University, extend to you a welcome. This welcome means that the whole University not only accepts you graciously as students, but admits you as a member of the University of Maryland family, with all that admission to family life implies. This means particularly that the administrative officers of the University and members of the faculty, and hundreds of students also, are willing and glad to extend to you help at any time that you need help.

The University of Maryland is not a country club. It is a place where hard and difficult routines must be met and conquered if you are to achieve the education for which you entered the University. At the same time, it is true that "All work and no play make Jack a dull boy," and there are many activities, recreational and intellectual, in which you may engage. Make yourself a part of student life.

The University of Maryland is the state university of Maryland. Its operations extend throughout the whole state, and I hope that you will take time to learn what the University is and what it is doing.

I hope today is the beginning of a period of great accomplishment for you, and shall look forward to the time when you will receive your diploma, as a mark of your first great success in life.

Sincerely,

H C Byrd

*President.*

# ADELE STAMP

## Dean of Women

It is a privilege and a pleasure to extend greetings and a hearty welcome to all new and returning students through the "M" Book. To those of you who are entering the University for the first time, may I say that the door of my office is always open to you.

You will find my office on the second floor of the Dean of Women's Building, and the offices of my assistants on the first floor. We are here to help you with your problems. A warm welcome awaits you from all of us, so stop by and get acquainted.

# GEARY EPPLEY

## Dean of Men

Welcome to the University of Maryland. Now that you have entered upon University life, it is necessary for you to assume a greater responsibility for your own education and complete development, including your physical, social and moral life. At Maryland you will find the means available for you to accomplish this and turn you into an individual who will be an asset to his state, nation and fellow men. and a pride to his family and university.

Seek advice from your professors, academic deans, the staff of the Dean of Men and Dean of Women's offices, your chaplain or an upper classman, any of whom will be glad to sit down and counsel with you. Plan your life on the campus much as it will be after you leave the University. Please feel free to call on me at any time. Also any member of my staff will be glad to assist you.

# Student Government Association

The Student Government Association consists of three divisions: the Executive Council, the Men's League, and the Women's League. The Council is the supreme governing body, and the Leagues decide on, and enforce, all campus regulations.

Student activities are controlled by the S. G. A., and are financed for the most part by the activities fee which is paid by all students in the University. From this fee, the money is prorated to the various activities; the payment of this fee entitles a student to attend all S. G. A.–sponsored activities, and the bi-monthly meetings. The actual work of S. G. A. is carried on by committees, the major ones being listed in the organizational chart on page 44.

# JOE TYDINGS

## S.G.A. President

It is a real pleasure for me to help welcome to the Maryland campus all incoming freshmen. This is now your university and, for a while at least, your home.

In welcoming you to our campus I would like to emphasize that just as this is your university so are we, of the executive council, your student government. The Publications, University Theatre, the choruses and all the many student organizations and clubs are anxious for your membership and participation, just as we in the student government are anxious for you to attend and take part in our meetings.

On behalf of the Executive Council and the entire student body, I extend to you all our heartiest welcome and the best of luck for your coming years at Maryland.

# Elections

Elections for Student Government Association and class officers are held in the spring. Two votings take place—the primary and the final. In recent years Maryland's elections have come to be as colorfully flamboyant as national presidential elections. Any and all methods are used by candidates and their backers to secure votes.

About two weeks before elections, posters, pictures, and handbills begin to appear. Rallies and speeches are also part of the campaign to win votes. On the day of elections circus animals, floats, and pretty girls appear to lure the voters to the polls. When election day is over, weary assistants count the votes, weary voters forget the matter, and weary candidates stay up till early morning hours to learn the results. Installation of the new officers takes place a few weeks later.

# Constitution

The constitution for the Student Government Association is being revised at the present time by a student committee. Clyde Houle, appointed by SGA President Joe Tydings, heads the committee as chairman. The revised constitution will be submitted to the students for approval in a referendum in the fall. Freshmen are urged to participate in these elections. Read the constitution carefully and then cast your vote. It's your Student Government, too.

# MORTON WESTON

## Men's League President

FRESHMAN MEN:

The Men's League welcomes you to the University of Maryland.

Constantly functioning in your behalf, the Executive Council of the Men's League looks forward to working with you for the best interests of all. We want to improve our campus in any practical way, and your suggestions will be appreciated.

On the other hand, the Dormitory Council of the Men's League stands ready to reprimand and punish any offenders of the dormitory regulations.

You will soon elect a representative to the League. See that he expresses your ideas and upholds your interests.

Any member of the League will be happy to see you at any time about your problems.

# Men's League

*President* ..... MORTON WESTON
*Vice President* ..... ELMER WINGATE

The Men's League is the representative body which serves the male students of the University in its capacity as one of the three divisions of the Student Government Association. There are two divisions of the League—the Executive Council and the Dormitory Council.

The Executive Council functions directly for the benefit of the men students. It trys to maintain a high standard in the living conditions of the dormitories and the campus. In this respect it attempts to gain the cooperation of the dormitory residents in keeping the maintenance and repair requirements as low as possible through careful and thoughtful use of the buildings and equipment.

The League works with the Dean of Men in planning dormitory improvements and additions which will make your stay at the University more comfortable and safe. Each year the Council awards a bronze cup to the outstanding male graduate, based on character, achievement, and service to the University.

The Executive Council is composed of the president, vice-president, and representatives of each class (all elected by the male student body), and a recording secretary, corresponding secretary, In-

terfraternity Council representative, Independent Students' Association representative, and the chairman of the Dormitory Council.

The Dormitory Council serves as a disciplinary board for offenders of the dormitory regulations and also works to encourage dormitory activity and comradeship through the proctors.

The proctors are older students who maintain order and discipline in the dormitories, and serve as advisors and counsellors to the students. They see to it that quiet hours are observed in the evening for studying, that rooms are kept clean, beds made, and health standards in general upheld, that the other dormitory regulations are not broken, and that the dormitory is in good condition.

The housemothers help the proctors in their job and can be consulted at any time for advice on social and school problems. If you are puzzled about questions concerning campus life, they will be glad to assist you.

Only by getting to know your fellow dormitory residents and by associating with them socially will you derive the most from dormitory life. Living with a group of men of your own age and interests is a great experience and can add to your personality a social broadening that is obtainable nowhere else. Take part in your dormitory and campus activities, and soon you will have accumulated riches worth far more than the time and effort put forth.

The Men's League office is located in Room 12 of Dormitory "O". Meetings are held every two weeks, at which all men students are welcome.

The following are some regulations of the men's dormitories:

Students will be held responsible for rooms being swept and kept clean at all times. Quiet hours will be observed from 7:30 p. m. to 7 a. m., except on Saturday nights. At no time will there be unnecessary noise or disorder in the dormitories.

Radios are not to be played so loud that they disturb others, and gambling and intoxicating beverages will not be permitted in the dormitories. Cooking, pets, and firearms are also not allowed in the residences. The University is not responsible for money or other valuables left in rooms. Students are cautioned to keep their rooms locked at all times.

Public telephones are located in Dormitories E, G, L, Calvert Hall "A" Section, and in the temporary residences. There is a phone connected with the University switchboard in each of the dormitory offices. Any messages coming on the phone for students will be delivered to their rooms, but no students will be called to the telephone.

Students are held financially responsible for all damage to their rooms except depreciation by ordinary usage. Walls must not be defaced. Pennants, calendars, and the like may be displayed if scotch tape or stickers are used. No nails will be permitted.

# KATIE KELLY

## Women's League President

As president of the Women's League, I would like to welcome you to your new home, the University of Maryland. During your stay here, you will come in contact with us many times, and we hope that we shall be able to be of help to you. If a problem should arise, you may feel free to see us about it at the Women's League office in the Dean of Women's Building. (Office hours will be announced in the near future.) While we are to be of service to you, we would also like for you to be of equal service to us. During the past year the Women's League Revision Committee formulated a new constitution, which was approved last spring by the women students. They gave their approval to put the proposed constitution into effect this fall on an experimental basis.

# Women's League

*President* ..... Katie Kelly
*Vice-President* ..... Pennie Perkins
*Secretary* ..... Anne Von Schwerdtner
*Treasurer* ..... Elizabeth Smith

Women's League is the representative body for the University's women students, and all women students are members of the organization.

As a new student you will find that you encounter the League often in your University life, for it formulates, administers, and interprets the rules governing women students. If you are a campus resident you will see the important role the League plays in dormitory life. It conducts house meetings, assists the dormitory housemothers, and handles violations of rules governing resident women.

Women's League also participates actively in campus programs. During the past year it has sponsored several entertainments, including a tea and a progressive party for all women's dormitories. It also works with junior women on May Day.

The League is a self-governing organization, with representatives from each house for women students on or near campus, and from the daydodgers. The officers of the League are elected by the women students, and meetings are open to all women. Business meetings are held once a week, at which subjects vital to the women of the campus are discussed.

Rules, violations, judgments, plans for social calendars, consultations with the Dean of Women's

office, and plans for various campus charity drives represent typical business of the organization.

This year women students will be governed under a revised constitution, which was submitted by last year's Women's League. In February a committee will be appointed for the purpose of strengthening, discarding, or completely changing any part of the constitution which proves itself impractical. In the spring elections it is hoped that the women students will be ready to formally adopt the improved constitution.

Each year the Women's League publishes a pamphlet of regulations concerning the women who live on campus. The regulations are revised annually by the League, under the guidance of the Dean of Women, to eliminate existing fallacies and to achieve a practical set of rules.

An important addition to the new constitution is the establishment of a Women's Student Government Association Executive Board. This will be composed of representatives and presidents of various organizations of interest to campus women. A Judicial Board is also provided for under the new constitution. The board is to consist of the president of W.S.G.A., two elected freshmen, sophomores, juniors, and seniors, and the faculty sponsor.

A third provision is for a House of Representatives which shall be composed of one elected representative for every twenty women living in the sorority houses and residence halls, faculty sponsor, and one freshman, sophomore, junior, and senior woman to

represent the daydodgers. This group is responsible for all legislative measures concerning the welfare of women students.

In addition to these three governing bodies, there are three committees to assist. They are the Residence Committee, the Social Committee, and the Activities Committee. These committees are to support and cooperate with the Executive and Judicial Boards, and the House of Representatives.

The League is chiefly concerned with campus residents, but it is interested in encouraging more active participation of the commuting women students. Under the new constitution these women will have more opportunity for taking part in campus life.

# Maryland Traditions

I. There will be no smoking at dances, in classrooms, or any other place on campus except in the following:
   A. Rooms designated for smoking in the dormitories,
   B. Rest rooms in the class buildings,
   C. Drug stores.

II. Slacks, blue jeans, and shorts are to be worn only in active sports, in one's room, and when given special permission by the Office of the Dean of Women.

# Honoraries

Now that you are beginning your college life, there is a goal for which you will want to strive . . . that of high scholarship. The rewards of this goal are many. It brings the respect of classmates, as well as personal satisfaction. There is yet an added thrill . . . the initiation into an honorary fraternity.

In the past year two new honorary organizations have been added to the ranks of those already on the University of Maryland campus, bringing the total number to twenty-five.

Every year the most outstanding students in each field are tapped to take their place among those already wearing the key of achievement. The thrill of being tapped for an honorary fraternity may provide one of the most memorable occasions of your college career.

# Study Hints

As a college freshman, you will find the study habits you form now of greatest importance in the coming four years. "Planned and plenty" (two hours' study for each hour of class is recommended for best results), good study habits bring results. Some points to help you get that point average are:

1—Have a study schedule and stick to it!
2—Have a definite place in which to study, a time with the fewest distractions possible.
3—Don't cram! Read the material before the lecture—you'll find class more interesting.

# Military

Training male students in the basic fields of air warfare, the Air Reserve Officers Training Corps serves to develop a reservoir of potential officers for our national defense. Two years of training, consisting of class and drill work, are required of all male students without previous military service. Two years of advanced training, leading to a commission in the Air Force or Air Force Reserve, is available to those men who can pass the physical and other qualifying exams and are selected for the training by the Military Board.

Although established since 1916 at Maryland, the ROTC is, for the first time this year, an all-Air-Force unit. For the advanced students, as well as the ones taking the second year basic course, a variety of subjects related to air warfare are offered.

*Faculty members marching between lines of ROTC cadets on way to annual convocation*

## AROTC Band

Composed of basic AROTC men proficient in playing band instruments, the AROTC Band, under the direction of Professor Frank Sykora, is one of the more colorful military units on the campus. Membership is open to any qualified AROTC member and entitles him to wear the distinctive black and gold lanyard awarded to the band for excellent service. During the past semester the group has provided excellent music not only for the military units but also for the "civilians."

## The Arnold Society

*President*..... Major Carl Zarcone
*Executive Officer*....Colonel Carl Miller
*Operations Officer*....Captain John Young
*Secretary-Treasurer*,
First Lieutenant Hugh Hine
*Adjutant Recorder*,
First Lieutenant Paul Massey
*Faculty Advisor*....Captain Omer L. Cox

The Arnold Society, National Military Air Force Honorary, newly established at Maryland, recognized outstanding leadership and scholarship among advanced and potential advanced students of the Air Officers Reserve Training Corps. High scholastic standing, leadership ability, and adaptability for Air Force duty are required for membership in the society.

## Pershing Rifles

The highest recognition that the basic cadet can achieve is membership in the Pershing Rifles. Founded before the first World War, Pershing Rifles companies have been organized in ROTC units throughout the country to recognize military excellence. In the annual competition against Pershing Rifles units from other universities, the Maryland Pershing Rifles Company has repeatedly won highest honors. The Pershing Rifles have gained an outstanding position on the campus through their services as honor guards and ushers at many special functions, and they may be easily identified by their blue and white lanyards and white gloves.

## Scabbard and Blade

*President*.....George Millener
*Vice-President*.....Theodore Shackley
*Secretary*.....Robert Jones
*Treasurer*.....Roy Robertson

Scabbard and Blade, National Military Leadership Honorary Fraternity, founded at the University of Wisconsin in 1904 and established at the University of Maryland in 1922, recognizes leadership, patriotism, efficiency, loyalty, obedience, goodfellowship, and honor. A "B" average must be maintained in ROTC, with a comparable average in other academic subjects.

# Publications

Students at Maryland have four publications, the Diamondback newspaper, the Old Line magazine, the Terrapin annual, and the freshman M Book.

These publications are produced by students and maintain the highest standards of accuracy, interest, and appeal. They have consistently been among the foremost in the country, and both the Diamondback and the Terrapin last year won the award of Pi Delta Epsilon as the best publications in their class.

Students are appointed to positions on these publications after having exhibited interest and diligence in work assigned in minor positions.

Suggestions and help from the student body are requested and desired by all student publications.

*The Old Line*, literary and humor magazine, is published six times during the academic year.

The magazine provides a student outlet for creative efforts, for humor, for cartooning, and for articles of a serious nature. "Revolutionary" ideas are welcomed, and appeal and interest to students are the criteria for publication. *The Old Line* has formerly been both a humor monthly and a literary quarterly and attempts in its present form to satisfy the desires of all students in a campus magazine.

Membership on the staff is open to all in editorial and business fields, and contributions are accepted from members and non-members alike. The office is in the rear of the Recreation Building.

HE OLD LINE
MONTHLY STUDENT MAGAZINE OF THE UNIVERSITY OF MARYLAND

## University Catalogue

A separate catalogue is published for each of the eight colleges at College Park. A general catalogue contains the entrance requirements of the University and the information of fees and facilities.

Catalogues of the colleges give the curricula of each and the requirements of the college for graduation. Included is a description of each of the courses offered.

## Student Directory

A student directory is published by the University shortly after the beginning of the fall semester. It includes the names, years, colleges, home and local addresses, and local phone numbers of all students.

The directory also gives the same information for members of the faculty and administration. Phone numbers of all campus offices are listed.

## Maryland Magazine

The Maryland magazine is published by the University six times a year. It includes articles about the University and members of the Alumni, for whom it is principally intended.

Students may buy copies at the Book Store or at local magazine stands. Catalogues and the Student Directory are available at the Book Store.

## Publications Board

The Publications Board is the faculty-student group which makes appointments and acts in an advisory capacity for all student publications.

It is composed of Professor James Reid, chairman of the Student Life Committee; Dean of Women Adele Stamp; Dr. Ray Ehrensberger, head of the Journalism Department; William H. Hottel, advisor of student publications; Joe Tydings, president of the SGA; Clyde Houle, president of Pi Delta Epsilon; George Cheely, editor of the Diamondback; Charles Schaeffer, Old Line editor; and Virginie Bennett, Terrapin editor.

## Pi Delta Epsilon

*President*.....CLYDE HOULE
*Vice-President*.....HARRY ORTIZ
*Secretary-Treasurer*.....PHIL BETTENDORF
*Sergeant-at-Arms*.....DON MORTIMER

Pi Delta Epsilon, honorary journalistic fraternity, recognizes students who have done outstanding work on student publications.

The fraternity was founded at Syracuse in 1909 and the local chapter was established in 1930.

The Maryland chapter is the donor of a cup which is presented annually to the outstanding freshman in student publications.

# Drama and Music

Under the spell of greasepaint and footlights, university students last semester produced four major productions, for which they received overwhelming acclaim. Opportunities for freshmen in this year's dramatics program are excellent; the student should be reminded, though, that failure to land a part on the first try is no indication of future discouragement. Keep trying! The University Theatre needs interested people, both on stage and backstage.

Both the Men's Glee Club and the Women's Chorus are eager to acquire new voices. The increasing recognition brought to both groups should prove a challenge to those students who enjoy choral singing.

## National Collegiate Players

### National Dramatic Honorary

*Founded at the University of Wisconsin 1919*
*Established at the University of Maryland 1917*
*President*.....GLENN MILLER
*Vice-President*.....DON MORTIMER
*Secretary*.....ERLENE HITE

Election to membership in National Collegiate Players requires a junior or senior academic standing. Members are selected by the point system for outstanding work in dramatics.

# University Theatre

With a season lasting from September to May, the University Theatre contains the fullest educational, cultural, and entertainment-giving facilities on the campus.

Four major productions are presented each year, supplemented by one centrally staged experimental show each semester. Open try-outs are held for each production, to which all interested students are welcomed.

All students who have worked satisfactorily on two major productions are eligible to join the University Theatre. The amount and calibre of work they have done is surveyed by the Executive Council and the names are voted upon by the entire group. Backstage work, as well as acting, counts as credit toward membership.

The purpose of the organization is to present opportunities to the student to learn all phases of play production and to provide experienced personnel for the handling of each show. All functions of the theatre are supervised by trained faculty members in conjunction with courses taught under the Department of Speech and Dramatic Arts.

In recent seasons the University Theatre has successfully staged such shows as "Volpone," "Arsenic and Old Lace," "Elizabeth the Queen," "Our Town," and "The Taming of the Shrew." The productions scheduled for this Fall Semester are "The Glass Menagerie," by Tennessee Williams, and "Cyrano de Bergerac," by Edmond Rostand.

# Men's Glee Club

*President*.....Jack Brobst
*Vice-President*.....Dick Dorney
*Secretary*.....Ray Hill
*Treasurer*.....Edward Flanagan
*Historian*.....Nick Nicholas
*Publicity*.....Michael Nigro
*Librarian*.....Robert Miller

The Men's Glee Club is open to all undergraduate men interested in singing. Between semesters, the boys take their annual trip to the Eastern Shore to give concerts at various high schools. The men also sang on Bill Herson's radio show this past year. A group has started a quartet and become very well known all over the state.

Together with the Women's Chorus, the men have sung at banquets and school concerts. Some of the more well-known concerts were those with Eleanor Steber and Columbia Operatic Trio. At the end of each year the two groups have a banquet and give a key to each student who has had two years of service in this field.

## Women's Chorus

*President*.....Jeanne Matthews
*Vice-President*.....Joan Mattingly
*Secretary*.....Carol Ortel
*Treasurer*.....Mary Pierrott
*Historian*.....Thelma Duncan
*Publicity*.....Jane Averman
*Librarian*.....Louise Watts

"Music hath charms . . ."

The Women's Chorus is an organization laden with both music and charm, and the girls are as serious in their intent to entertain with music as they are beautiful in appearance.

During the past year the Women's Chorus charmed campus audiences at several concerts, at the Autumn Carnival, at the Homecoming celebration and the May Day exercises. They also sang for the Midshipmen at Annapolis and appeared with Rise Stevens in one of the cultural series concerts.

The Chorus is open to all women attending the University who are interested in singing.

Dr. Harlan Randall, known for his activities in the field of music, directs this group of over fifty voices.

# The Band

*President*.....John K. White
*Vice-President*.....Eugene Wachter
*Secretary*.....Gwendolyn Gardner
*Custodian*.....Holland Fisk

The Band is a very large and active group on the campus. It has performed for many out-of-state audiences. The Band goes on all the trips with the athletic teams.

While participating in the Maryland Regional Marching Bands Competition of the Alsatia Mummer's Parade in Hagerstown, the Band won second prize.

The Band also was granted membership in the National Symphony Orchestra Association of Washington, D. C.

Two concerts were given in Baltimore, Maryland, in the past year.

Any person interested in joining the Band may join through auditions with Director Sykora.

After one year's participation, a letter is given the student. After two years he receives a sweater. A gold key is given to students who have participated in the band for three years of outstanding service.

## The Orchestra

*President*..... Margaret Brown
*Vice-President*..... Ann Quillen
*Second Vice-President*,
Clinton Paul Thompson
*Secretary-Treasurer*..... Clara Lee
*Librarian*..... Robert Tomsko
*Second Librarian*..... Edith Wright

This is the first year that the orchestra has had the proper instrumentation to be called a Symphony Orchestra.

The orchestra has given many concerts off and on campus. There are several chamber music groups within the orchestra which give separate concerts.

The Orchestra plays the music for the University Commencement.

During the year, the Orchestra was congratulated on its achievements by Reginald Stewart, Conductor of the Baltimore Symphony Orchestra.

The group admits all undergraduates, graduates, and faculty interested in playing with them.

## Clef and Key Association

*President*.....HARRY BIEHL
*Vice-President*.....GEORGE HUBBARD
*Secretary*.....MARTHA STENDER
*Treasurer*.....DORIS CREWE
*Publicity Director*.....ROBERT GOSS

Plans for the coming year include at least one operetta. Clef and Key is also planning the formation of an entertainment bureau. Talent and acts will be listed to be available as entertainment at various University functions.

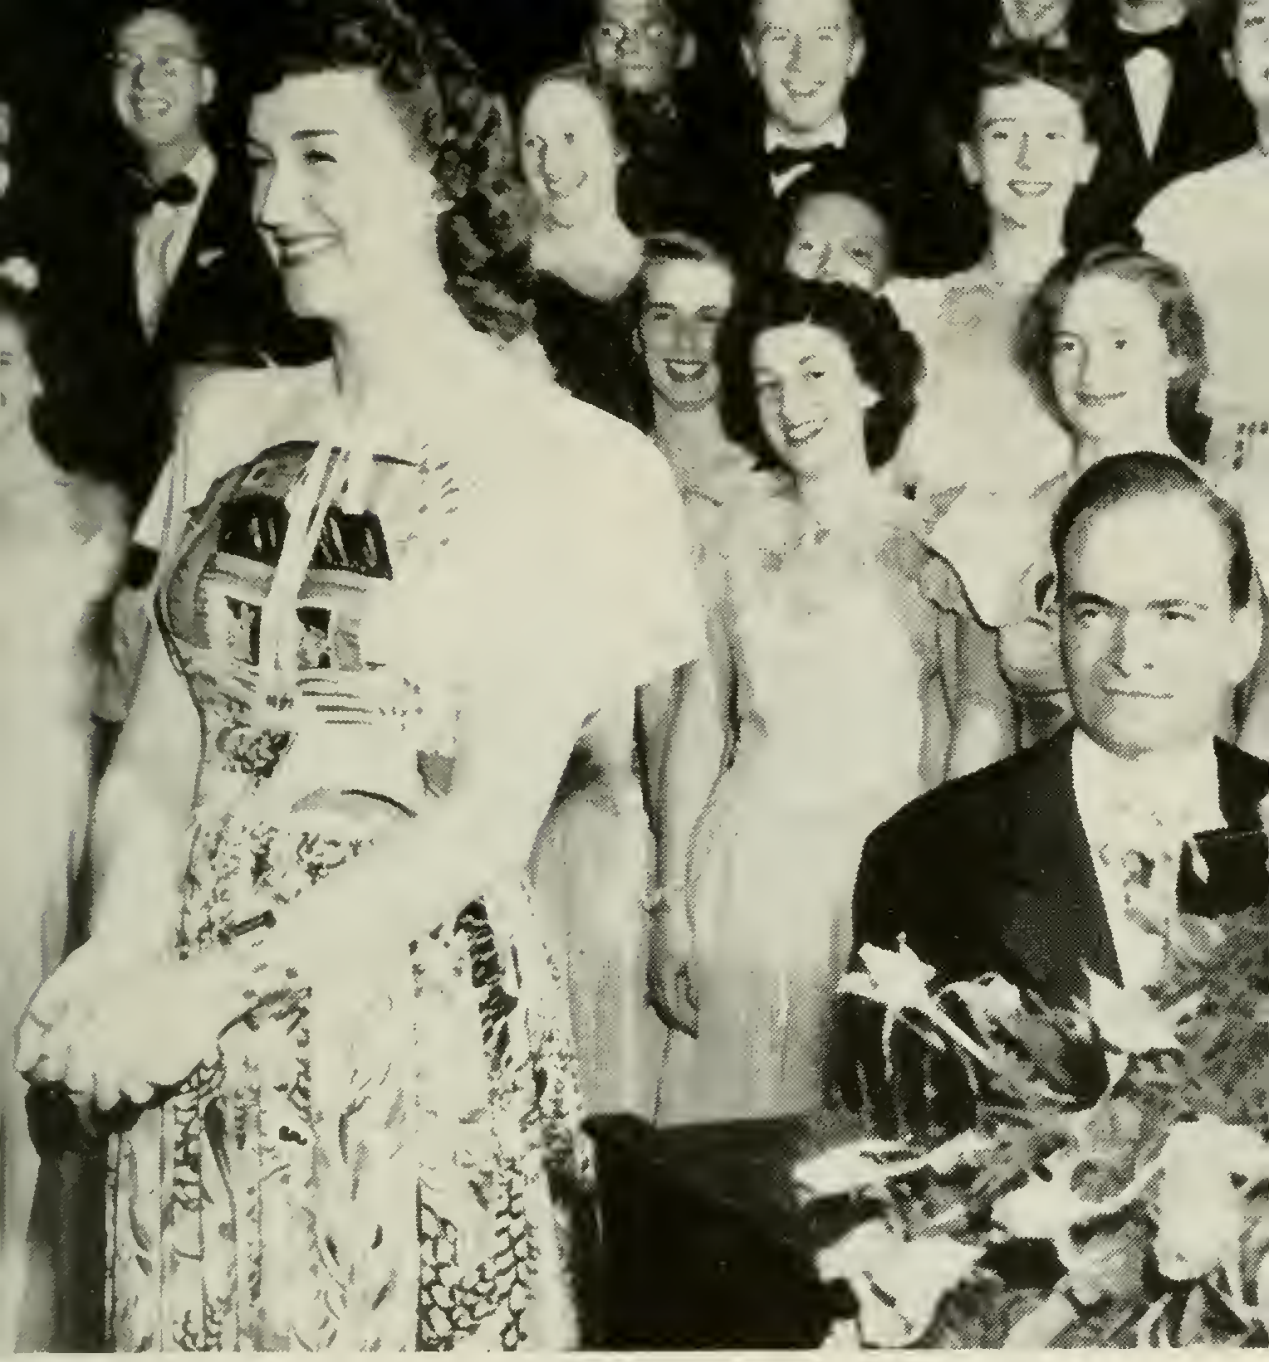
## Student Musical Activities Committee

*(Officers to be Elected)*

The Student Musical Activities Committee is composed of the presidents of the Band, the Men's Glee Club, Women's Chorus, the Orchestra, and the Clef and Key. The main function of the committee is to act as coordinator and organizor of the music budget. The chairman and secretary of this organization are chosen at the beginning of each year.

# Culture Program

Maryland, considering cultural opportunity one of the most valuable things it has to offer its students, has brought to the campus musical artists of world fame. Last year students heard such out



standing musicians as Rise Stevens, Eleanor Steber, the Columbia Operatic Trio, and the Baltimore Symphony Orchestra. The Calendar of Events lists the 1949-50 cultural activities. Above is a picture of Rise Stevens, with her accompanist and the University Glee Clubs.

# Organizations

Maryland's 94 campus organizations await you with open arms! No matter where your interests lie, there are groups for you. Which ones will you choose?

Much of the value of college life arises from the benefits of group participation. Here the student has the opportunity to become acquainted with his fellow students, to learn to work with them and to organize and carry out programs. The vital center of such activity at Maryland is the field of extracurricular activities. Choose one of the campus groups and give it your wholehearted support. Whether the club is religious, athletic, departmental or purely social, your participation in it will serve to build your interests, personality and friendships.

*Cherry Louie, Harbbajan Singh and Peggy Banzhoff meld China, India and U. S. in extracurricular program*

# Student Life Committee

The connecting link between the student body and the University administration on the Maryland campus is the Student Life Committee, appointed by the President of the University and headed by Professor James H. Reid. Composed of those faculty members who are actively interested in student affairs, it keeps a strict vigilance on all activities, acting in an advisory capacity and attempting to improve any unsatisfactory conditions that may arise on the campus.

To be active on campus, all organizations must be recognized by the Student Life Committee. In its approval procedure of campus organizations, the committee encourages clubs that will not be in direct competition with one another. The Committee cooperates in convocation and aids the social director, Miss Leslie, in the management of social affairs.

Other members of the committee are: Prof. Allen, Dr. Benton, Prof. Burnett, Dr. Ehrensberger, Dean Eppley, Dr. Harmon, Prof. Kramer, Dr. Lejins, Miss Leslie, Prof. Outhouse, Dr. Phillips, Miss Preinkert, Prof. Sanford, Dean Stamp, and Dr. White.

# Religion

Did you enjoy Young People's meetings in your high school years? Or do you look forward to the new experience of participation in worship services, sharing the fellowship of those of your religious faith as you meet for devotions, round table discussions, singing, and recreation periods? To you who are commencing or continuing the activities to which Christian youth today aspires, the University extends the hand of fellowship and spiritual opportunity.

Religious life on campus has evolved on a large scale through the increased organization of students of every faith; interdenominational understanding has been fostered by the institution of new worship services and religious activities.

*Practically every type of religion is represented on the campus, many by large, active groups*

## Religious Counsellor's Office

Students seeking religious guidance will find a minister on call in the Religious Counsellor's Office in the Administration Building basement during class hours. Information of campus and nearby church services is available here.

## Religious Life Committee

Among the first to greet you at Maryland will be the Religious Life Committee, at the Religious Life Reception on September 25th. The Committee arranges for the traditional Christmas music played from Morrill Hall in the periods between classes during pre-Christmas week. In conjunction with the Student Religious Council, they sponsor Religious Emphasis Week and a series of Firesides at faculty homes for students of all faiths and nationalities. The faculty further acts as guide to the general development of religious life on campus. Assistant Dean of Women Rosalie Leslie is chairman.

## Services

Although plans for an inter-faith chapel are as yet in the blueprint stage, the student will find many opportunities for worship on the campus. Weekly nightcap devotions are held in the women's dormitories. On Sunday Protestant church services are offered at 11:00 a. m.; Catholic mass is also held on campus Sunday mornings. All students are invited to Sunday Evening Vesper Services in the Armory Lounge at 6:45 p. m.

# Fraternities

In a few weeks, the doors of the Greek letter organizations will swing open, and rushing will again be underway. The decision concerning fraternities represents an important crossroad in your college life, and your choice, consequently, should be made with great care. In fairness to yourself, do not be "high-pressured" into committing yourself to one fraternity without visiting others. Know the financial setup of the fraternity in which you are interested. Attempt to meet all of the Brothers at the rush functions before committing yourself.

Do not feel that you are a social outcast if you fail to receive a bid from the fraternity of your choice. Because of the large numbers of rushees, fraternities must make snap judgments. If you fail the first time, don't be discouraged, try again.

# Fraternity Criteria

The National Interfraternity Conference was founded in 1908 for the purpose of discussing questions of mutual interest and to make such recommendations from time to time as it deems wise. It is composed of sixty-four national fraternities which meet strict qualifications for membership. Its annual conferences are attended by about three hundred and fifty officers and alumni of the various fraternities and about fifty deans of men and college presidents. It sponsors the National Undergraduate Councils on campuses all over the United States and Canada, which meet in conjunction with the Conference itself. It publishes a Year Book, the report of its annual meeting, in which much valuable information about college fraternity life is included.

In the fall of 1931, the Executive Committee of the Conference and the Educational Advisory Council reduced to writing the following criteria in order further to advance co-operation between fraternities and educational institutions. The statement was subsequently approved by the American Association of Deans and Advisers of Men and by the Conference itself. It reads as follows:

We consider the fraternity responsible for a positive contribution to the primary functions of the colleges and universities, and therefore under an obligation to encourage the most complete personal development of its members, intellectual, physical and social. Therefore, we declare:

1. That the objectives and activities of the fraternity should be in entire accord with the aims and purposes of the institutions at which it has chapters.

2. That the primary loyalty and responsibility of a student in his relations with his institution are to the institution, and that the association of any group of students as a chapter of a fraternity involves the definite responsibility of the group for the conduct of the individual.

3. That the fraternity should promote conduct consistent with good morals and good taste.

4. That the fraternity should create an atmosphere which will stimulate substantial intellectual progress and superior intellectual achievement.

5. That the fraternity should maintain sanitary, safe and wholesome physical conditions in the chapter house.

6. That the fraternity should inculcate principles of sound business practice both in chapter finances and in the business relations of its members.

These criteria should be applied in close co-operation with the administrative authorities of the institution. Detailed methods of application will necessarily vary in accordance with local conditions. It is the purpose of the National Interfraternity Conference to offer detailed suggestions, after further study and investigation, regarding practical steps to make this co-operation effective.

The local chapter of the Interfraternity Council was founded in 1926 for the purpose of maintaining harmonious relations between the University and the fraternities and among the fraternities themselves. Duties of the Council are strict supervision of rushing, and improvement of the fraternity system.

On the agenda of the Council's social program are the Interfraternity dance, and the annual interfraternity athletic program. Each year the Council presents scholarship and activities cups to the fraternities which are outstanding in these fields of endeavor.

The Council also contributes to the support of a war orphan in Europe as part of its charity functions. As part of its rushing supervision the Council helps to introduce the students to fraternity policies and customs.

Location of Fraternity and Sorority Houses

# Sororities

To most girls, the social side of college life is represented by a sorority. On the 18th of September many of you will be knocking upon the door of close friendship and group enjoyment. Remember to be natural. Don't allow yourself to be awed by large houses or big groups; rather, choose personalities which please you. Be sure that you can meet the financial obligations of the sorority of your choice.

If you do not "make" the sorority of your choice, don't be disheartened. Sororities are limited by a quota system and therefore sometimes overlook potentially fine members. Show that you are interested, and, above all, remember that your success or failure in college depends not upon a sorority, but upon yourself.

# Panhellenic Council

*President*..... Mary Ellen Travers
*Vice-President*..... Nancy Wulfert
*Secretary*..... Sue Gilmore
*Treasurer*..... Pat Christensen

The purpose of the Panhellenic Council is the maintenance of a wholesome sorority spirit and inter-sorority relations within the University, to further sound scholarship and high social standards, and to compile rules governing rushing, pledging, and initiation.

## Important Rush Rules

All sorority women and students interested in rushing should be thoroughly familiar with these rules, and should adhere to them at all times.

Formal rushing is that period beginning with the open house teas and continuing until pledging. Rushees shall be entertained at sorority houses only at designated times during formal rush week. Alpha Epsilon Phi and Phi Sigma Sigma will begin rushing several days later to avoid conflicting with the Yom Kippur Holidays.

Neither men nor non-sorority women nor alumnae may be present at any rush functions. No eligible students shall be allowed in sorority houses during formal rushing except during specified rush functions.

No sorority women shall be allowed to enter the dormitories where the new students are residing unless she is living there also. No rushee shall be treated outside of the sorority houses.

# Standard Panhellenic Rules

Any woman student who is eligible for matriculation at the University and is unaffiliated with any National Panhellenic Fraternity is eligible for formal rushing.

Students in the University summer school are ineligible for rushing until September when sororities become active. A pledge expires one calendar year from the date of pledging, at which time the student is eligible for pledging another sorority.

During rush week, if a girl expresses her preference in writing, or formally accepts a bid, or wears the colors of a sorority during open rushing following rush week, she is ineligible for pledging another sorority, whether or not she has been through formal service.

A pledge who is released by a chapter at any time during her pledge year, or who breaks her pledge, is ineligibile for pledging a sorority until one calendar year from the date on which her pledge was broken. This regulation is binding regardless of the campus on which the student may be enrolled.

Pledges who have completed fifteen credit hours in the preceding semester in the University with at least a C average, who have no failures on their record for that semester, who are resident students in good standing, and who have been cleared with the Dean of Women's office may be initiated into a sorority.

# Athletics

Inter-collegiate and intra-mural sports fill a vital role in the life of every student of the University, whether he is captain of the varsity football team, number 3 on the frosh tennis team or a sub on the dorm basketball team. No matter what your abilities, there is a place for you on a competitive athletic team if you, as an individual, are willing to make the effort.

The University of Maryland is a member of the Southern Conference. Maryland's voting delegate, Geary Eppley, is president of the Conference and Chairman of the University of Maryland Council of Intercollegiate Athletics. The University also belongs to the National Collegiate Athletic Association, and the United States Intercollegiate Lacrosse Association.

Despite the loss of All-Conference backfield ace, Lu Gambino, due to a conference ruling, the black and gold forces of "Sunny Jim" Tatum posted a record of six and four at the close of last season. With a line anchored by such stalwarts as Bob Ward and Ray Krouse, Elmer Wingate and Capt. Gene Kinney, the Terrapins had one of the finest defensive teams in the nation. With an exceptionally fine Freshman team moving up, Coach Tatum should be able to weld together a team which will continue its winning ways.

## Rifle

Arthur Cook and his fellow sharpshooters brought another National Rifle Crown to Maryland this last year. Possessing what is considered by the National Rifle Association to be the finest indoor rifle range in the country, the Maryland squad swept through their dual season, and numbered among their victims the sharpshooters of Army, Navy, Georgetown, and George Washington.

All students are eligible to try out for the team, although only R.O.T.C. students may fire in the Hearst Trophy Match.

At the right is a picture of Arthur E. Cook, Maryland's Olympic Champion. Cookie, who has not yet reached the ripe old age of 21, was the Olympic 50 meter rifle diadem over the greatest shots in the world at London last summer, and followed it up by beating the best in the United States.

# Freshman Sports

Every freshman is urged to come out for the freshman sport in which he is most proficient. Every man has an equal chance to make the team, and performance, rather than high-school press notices, decides the starting line up. The Freshman football team will begin practice immediately upon registration and each successive Freshman sport will have its opening date fully publicized. Following is a list of the records of Maryland's "Little Terp" squads over the past year.

## Frosh Football

Coached by Tennessee's great blocking back of the early 40's, Bill Meek, the Frosh Eleven dropped an early contest to William and Mary after only six days practice and then proceeded to steam roll opposition for the remainder of the season. Among the teams which fell before the powerful Terp machine were West Virginia, Georgetown, G. W. U., and Fork Union. The backfield was sparked by the spectacular play of halfbacks Ed Modzelewski, Lynn Davis and Buck Early, as well as by the fine play of quarterbacks Andy McDonald and George Howard. Play on the line was outstanding with particular mention going to guards Ray Bender and Bill Maletzky. Tackles Chic Fry, Ed O'Connor and Joe Moss, and ends Hank Fox and Clarence Brawley.

## Frosh Track

The cross country team was undefeated in dual competition, while the track squad won one and lost one. Coach Jim Kehoe's runners will get a chance to improve a strong varsity aggregation both in track and cross country for the coming sessions.

## Frosh Soccer

A freshman soccer team represented the University for the first time since the war. Coached by Dick Cleveland, the frosh have a fine account of themselves and served notice to the varsity that they would be plenty of competition for starting positions this fall.

## Frosh Wrestling

When the Little Terp grapplers had all assembled, Coach Krouse found that he had some better than average wrestlers. Among the outstanding lads to make the team were Dennis Psoras, Harvey Yonce, Joe Adleberg and Alex Papavasilion.

## Freshman Boxing

Coach Frank Cronin's Boxers won both of their matches, defeating Virginia Frosh and Charlotte Hall by wide margins. Fred Carnesale, George Psoras, Vern Russell, Bill O'Brien, John Martone, George Fuller and Ed Wienefeld led the mitmen to their victories.

## Frosh Baseball

Highlighted by a no-hit, no-run game pitched by Gordon Kessler, the freshmen baseball team finished their eleven game schedule without a defeat. The team, under the guidance of Coach Al Pobiak, won four of their games via the shutout route.

## Frosh Basketball

When the season was over, the freshman basketeers had an exceptionally fine record sporting twelve victories against only one loss. The final contest of the year was dropped to the Naval Academy's plebes 51-49. Among the outstanding prospects on the team were Dick Koffenberger, Andy McDonald and George Howard.

## Frosh Rifle Team

The freshman rifle squad had an unusually large turnout, and among them Colonel Griswald and Sgt. Norris found some fine shots. Carrie MacDonald was the only coed on the Freshman team.

## Frosh Tennis

The tennis squad under Coach Doyle Royal lost its three outings. The top three men were Yale Klugman, Mort Pollack and John Magnan.

## Frosh Lacrosse

The Little Terps stickmen had an interesting if not sensational season under the tutelage of Tommy Mont, former star athlete at the University in football as well as lacrosse. Although the team had a record of only 2 wins against 3 losses, a number of promising stickmen showed potentialities for their varsity careers. Among these were defenseman Ted Gounaris, midfielders Tamburello and Hubbell, and attackmen Skip Young and Billy Sadtler.

## Frosh Golf

The freshmen golfers, under Coach Frank Cronin, turned in a fine season. Led by Bob Miller and Stan Mouser, the up and coming frosh linksmen will be called upon to fill the vacancies on the varsity left by the graduating seniors.

## 1950 Freshmen!

All freshman sports are stressed at Maryland. These are the major frosh athletic teams and what they accomplished last year. What the records of the frosh teams will show during 1949-1950 will depend on the incoming freshman class. The athletic department as well as the University urges every incoming frosh to report for practice when the call for candidates of his respective sport goes out.

# Men's Intramurals

The objective of the Intramural Department is to formulate a recreational program, broad in scope, that will fully meet the demands of every student in the University.

Under the direction of Jim Kehoe, the following sports have been placed in the program: badminton, basketball, basketball foul shooting, boxing, bowling, cross country, golf, gymnastics, horseshoes, softball, table tennis, touch football, track, volleyball, and wrestling. There are approximately 70 teams in some competitions. The sports are open to both fraternity and non-fraternity men. Coaches for the various athletic divisions are present at some of the intramurals to look for possibilities in the varsity field.

Intramural winners in the various colleges often stage tournaments. The Cumberland Comets, Maryland's intramural basketball champions two years in succession, defeated Georgetown's intramural champions last spring.

There are two divisions in men's intramurals—a fraternity division, and an open league for the non-fraternity men. At the end of the year a cup is given to the fraternity amassing the most points. Gold medals are presented to the members of the winning team and the individual victors, while silver awards go to those who finish second.

# Women's Intramurals

The Women's Physical Education Department, along with the cooperation and assistance of the Women's Recreational Association, a student organization made up mainly of physical education majors, establishes the intramural program.

The program is so arranged that there are scheduled activities from the commencing of classes in September until late in May. These activities are varied so as to include all of the popular sports. The women's intramurals are under the direction of Miss Dorothy Deach.

Tournaments in hockey, bowling, basketball, volleyball, and badminton are sponsored by the Women's Recreation Association. Teams representing the sororities, women's dormitoriss, daydodgers, and faculty are entered in these contests and annually play out tournaments for campus championship.

# Maryland Songs and Cheers

An important part of any school or college is its songs and cheer tradition. The University of Maryland is no exception to this rule. Freshmen are urged to learn the words and music of the following, the most important and often-used songs and cheers. You'll want to be able to fully participate in cheering for your Alma Mater at the games this fall.

## Songs

### Alma Mater

*Words and music by Robert Kinney, '40*

Hail! Alma Mater!
Hail to thee, Maryland!
Steadfast in loyalty,
For thee we stand.
Love for the Black and Gold
Deep in our hearts we hold,
Singing thy praise forever,
Throughout the land.

### Sons of Old Maryland

Sons of old Maryland
Old Maryland needs you!
Stand by your colors, boys,
And to them e'er be true!
Fight for old Maryland,
Old Liners stand,
Defenders of the Black and Gold
Throughout the land!

## Victory Song

Maryland, we're all behind you,
Wave high the Black and Gold.
For there is nothing half so glorious
As to see our team victorious.
We've got the team, boys,
We've got the steam, boys,
So keep on fighting, don't give in!
M-A-R-Y-L-A-N-D- (yell)
Maryland will win!

## Terrapin Drinking Song

*Music by Wilmer Orpwood, Jr., '43*
*Words by A. Manley Powell, '41*

Drink to the Terrapin!
All bold hearted men.
We have no fear of hell,
For we're loyal sons and fellows,
Drink to the Terrapin!
May God bless her sons!
When the toast is in the cup,
Bottoms up! Bottoms up!
To Maryland.

# Cheers

## 1.—Red Hot Yell

Our team is red hot
Our team is red hot
Our team is red hot
Red Hot, Red Hot, Red Hot!

## 2.—U. M. Rah Rah

U. M. Rah Rah

## 4.—Four Stamps, Four Claps

Stamp, stamp, stamp, stamp
Clap, clap, clap, clap,
Maryland!
Rah! Rah! Rah! Rah!

## 5.—Maryland Sway

M-A-R-Y-L-A-N-D
Maryland
Fight team fight!

## 6.—Fight Yell

Fight team fight!
Fight team fight!
Fight team, Fight team
Fight! Fight! Fight!
Yea Team! Yea Team!
Fight! Fight! Fight!
